

# The Port Mansfield Chamber of Commerce

Compared to other Chambers of Commerce in the United States, our Port Mansfield Chamber is unique because of the size of our community, the fact that we are not an incorporated city and the lack of Civic Organizations that most communities have access to. Therefore, in addition to addressing the enhancement of our business community, our Chamber serves as the only venue for volunteerism, communication between neighbors and charitable organizing.

***Every business, individual, civic and charitable organization should be, and will benefit from, Membership in the Port Mansfield Chamber of Commerce – Join today.***

You should know that the Port Mansfield Chamber Board consists of all volunteers, which is something of a rarity these days. We have one paid Office Manager who works 20 hours per week, excluding PMFT time. All Chamber events, including the annual fishing tournament are also put on with volunteer labor. Volunteers are needed year-round to help with Chamber functions and we encourage anyone with the time or inclination to become actively involved in supporting Port Mansfield by becoming a Chamber volunteer.
